Finding Just The Right School

The independent schools that make up CAIS are united in our desire to determine the best educational match between your child, your family, and your school. It is important that your child's profile meshes with your school's curriculum and mission. In turn, your school should offer an environment that fosters your child's greatest potential.

Cognitive assessment is one of the tools we use to make sure your child finds the best possible school match. To this end, standardized cognitive evaluations are used to let you avoid multiple evaluations and allow member schools to assess applicants on an objective, uniform basis. They are the Wechsler Preschool and Primary Scale of Intelligence-Fourth Edition (WPPSI-IV) for Pre-K, Kindergarten, and Grade 1 applicants; and the Wechsler Intelligence Scale for Children-Fifth Edition (WISC-V) for rising Grades 2-4.

Whether you are applying to one or more of our member schools, your child will be evaluated only one time by a licensed psychologist designated by CAIS. This one-on-one evaluation of your child by a highly experienced psychologist (listed in this brochure) meets the testing requirements of these participating schools:

- Charlotte Christian School
- Charlotte Country Day School
- Charlotte Latin School
- Charlotte Preparatory School
- Covenant Day School
- Providence Day School
- Trinity Episcopal School

Tips For A Positive Testing Experience

Naturally, you want your child to perform to his or her highest ability when tested. For this reason, we hope you'll keep the following suggestions in mind, no matter how simple they may seem.

- 1** The more relaxed you are, the more relaxed your child will be! Double-check the date and time of your appointment and call ahead to get directions to the testing office. Avoid rushing to the appointment, since this can cause your child to make a poor transition into the evaluation. Arriving too early can also be difficult for your child. Please arrive promptly at the appointment time. Finally, try not to send your child to preschool immediately prior to the evaluation, as some activities could be overstimulating.
 - 2** Testing in the mornings between 8 am-12 pm is preferable for younger children.
 - 3** Young children tend to be attached to their daily routine, so let your child know that something different has been scheduled into the day. Sudden changes could be upsetting.
 - 4** To put your child at ease, explain the one-on-one appointment with the psychologist in a matter-of-fact way and avoid any mention of testing or games. You might use phrases like: "We're going to see a person like a teacher. You'll need to listen and do what the teacher asks. This is something children do in school."
- Emphasize that your child will enjoy the activities. The psychologists we have selected are skilled in putting children at ease. Most children are not even aware they are being tested.
- 5** Make sure your child gets a good night's sleep and eats well before the assessment. Encourage your child to dress in comfortable clothes and to use the restroom before the appointment. Tell the psychologist if anything out of the ordinary has occurred the day or night before the assessment (such as illness, sleeplessness, medications, or travel).
 - 6** Though you want the evaluation to be a positive experience for your child, use caution about offering rewards ahead of time. Being excited about an anticipated treat can interfere with your child's ability to focus.
 - 7** Help make this a special time for your child. We encourage you to come without siblings.

Psychologists

The psychologists listed below have worked closely with CAIS member schools. They look forward to working with you and your child as you go through the admissions process.

Standardized evaluations are the Wechsler Preschool and Primary Scale of Intelligence–Fourth Edition (WPPSI-IV) for Pre-K, Kindergarten, and Grade 1 applicants; and the Wechsler Intelligence Scale for Children –Fifth Edition (WISC-V) for rising Grades 2-4.

Shaded psychologists administer WPPSI-IV and WISC-V. Non-shaded administer WPPSI-IV only.

The Registration Process: All Applicants Must Follow

To apply for testing, CAIS requires that you adhere to the following procedure:

- ❶ Complete an application to the school(s) to which you are applying for admission. No school will consider an evaluation until an application for admission to that particular school has been received.
- ❷ Appointments can be made the day after Labor Day. All appointments for testing are made by the parents with an individual psychologist-not by the schools.
Important Dates:
 - TK/JK/K Application Deadline to CAIS Schools-- January 2, 2027
 - TK/JK/K CAIS Testing Complete by February 1, 2027
 - Grades 1-4 Application Deadline for CAIS Schools-- January 15, 2027
 - Grades 1-4 CAIS Testing Completed by February 26, 2027Payments must be made in full for appointments made after January 1, 2027 and are non-refundable.
- ❸ Since your child will be compared to other children with the same chronological age, late testing provides no advantages. However, for some ESL applicants a later test date may be beneficial to allow for greater language acquisition.
- ❹ Psychologists will not schedule appointments until after Labor Day. Allow up to 48 hours for a response. Ample slots are available for all applicants. Once confirmed, payment via credit card or Zelle is due within 24 hours. Check payments have a one-week grace period but must be arranged with your psychologist in advance. Appointments will be canceled if payment isn't received within the specified time frame.
- ❺ To ensure test reliability and validity, **children must be at least four years of age** at the time of testing. Testing can be administered **only once in a twelve month period**.
- ❻ Psychologists will report to the schools any indication that a child has been coached, tutored, or re-tested. Any indication of the aforementioned will invalidate your application to any CAIS school. Parents will be asked to sign a Test Validity Verification Form at the psychologist's office to ensure no prior testing/coaching has occurred.
- ❼ Upon completion of the evaluation, results will be sent to parents and designated schools. A more detailed interpretation of results may be obtained by scheduling a feedback meeting with the psychologist. This is optional for each family and will be billed to you at the psychologist's hourly rate. To secure your feedback appointment, payment is due prior to appointment date. Families are encouraged to schedule a feedback appointment if there are any questions about the scores, the tests administered, or if an additional evaluation is recommended.
- ❽ In addition to the assessment, CAIS schools require an interview with each child. The respective schools will contact you to make an appointment for the interview/observation sessions that are typically held November–February.
- ❾ Book an appointment with one psychologist ONLY.
